

DIY Simple Image Projection

By: HahaGet (Pinterest Page)

SUPPLIES

- 1) Paper cup
- 2) Clear tape with 2 inch width
- 3) Scissors
- 4) Sharpie Markers
- 5) Flashlight
- 6) Dark Room

CREATE

- 1) Cut bottom out of cup.
- 2) Tear or cut off a piece of tape and place it over the bottom of the cup (from the outside).
- 3) Draw a simple picture with your markers on the tape on the bottom of the cup.
- 4) Finally, turn of the lights , turn on your flashlight, and point your image away from but towards a wall and shine your flashlight through the cup.
- 5) See the pretty image on the wall!
